

Australasian Society of Clinical and Experimental Pharmacologists and Toxicologists

ASCEPT Clinical Pharmacology Advanced Trainee Weekend 2026

16–17 May 2026

St Vincent's Private Hospital
Darlinghurst, Sydney, NSW

Exploring risk, responsibility and regulation in modern clinical pharmacology and toxicology.

This year's Advanced Trainee Weekend will examine the medicolegal realities that shape contemporary prescribing practice — from high-risk medicines and toxicology cases to documentation, disclosure and regulatory accountability.

Through expert-led sessions and interactive case discussions, participants will explore how clinical judgement intersects with legal scrutiny in real-world practice.

OFFICIAL

Australasian Society of Clinical and Experimental Pharmacologists and Toxicologists

Keynote Address

A/Prof Noel Cranswick MB BS, B Med Sc, LLB, FRACP

Director, Clinical Pharmacology Unit, Department of Medicine, Royal Children's Hospital

Director, APPRU, Murdoch Children's Research Institute & the Royal Children's Hospital
