**2026 - Goal 2: "Medication Safety"**

Dear colleagues,

We are pleased to invite you to the first webinar in a five-part global webinar series on the implementation of the **World Patient Safety Day Goals** for **safe care for every newborn and every child**.

Webinar 2: “Enhance Medication Safety”

**Thursday, 5 March 2026**

**14:00–15:30 CET**

**Online**

This webinar will bring together global experts and practitioners to explore how medication safety interventions can be implemented to improve safety in newborn and child care and help reduce avoidable harm.

The webinar will focus on:

- Why medication safety is essential for safe newborn and childcare
- How Goal 2 can be implemented in practice at the point of care
- What health care workers, leaders, managers, and policymakers can do to enhance medication safety
